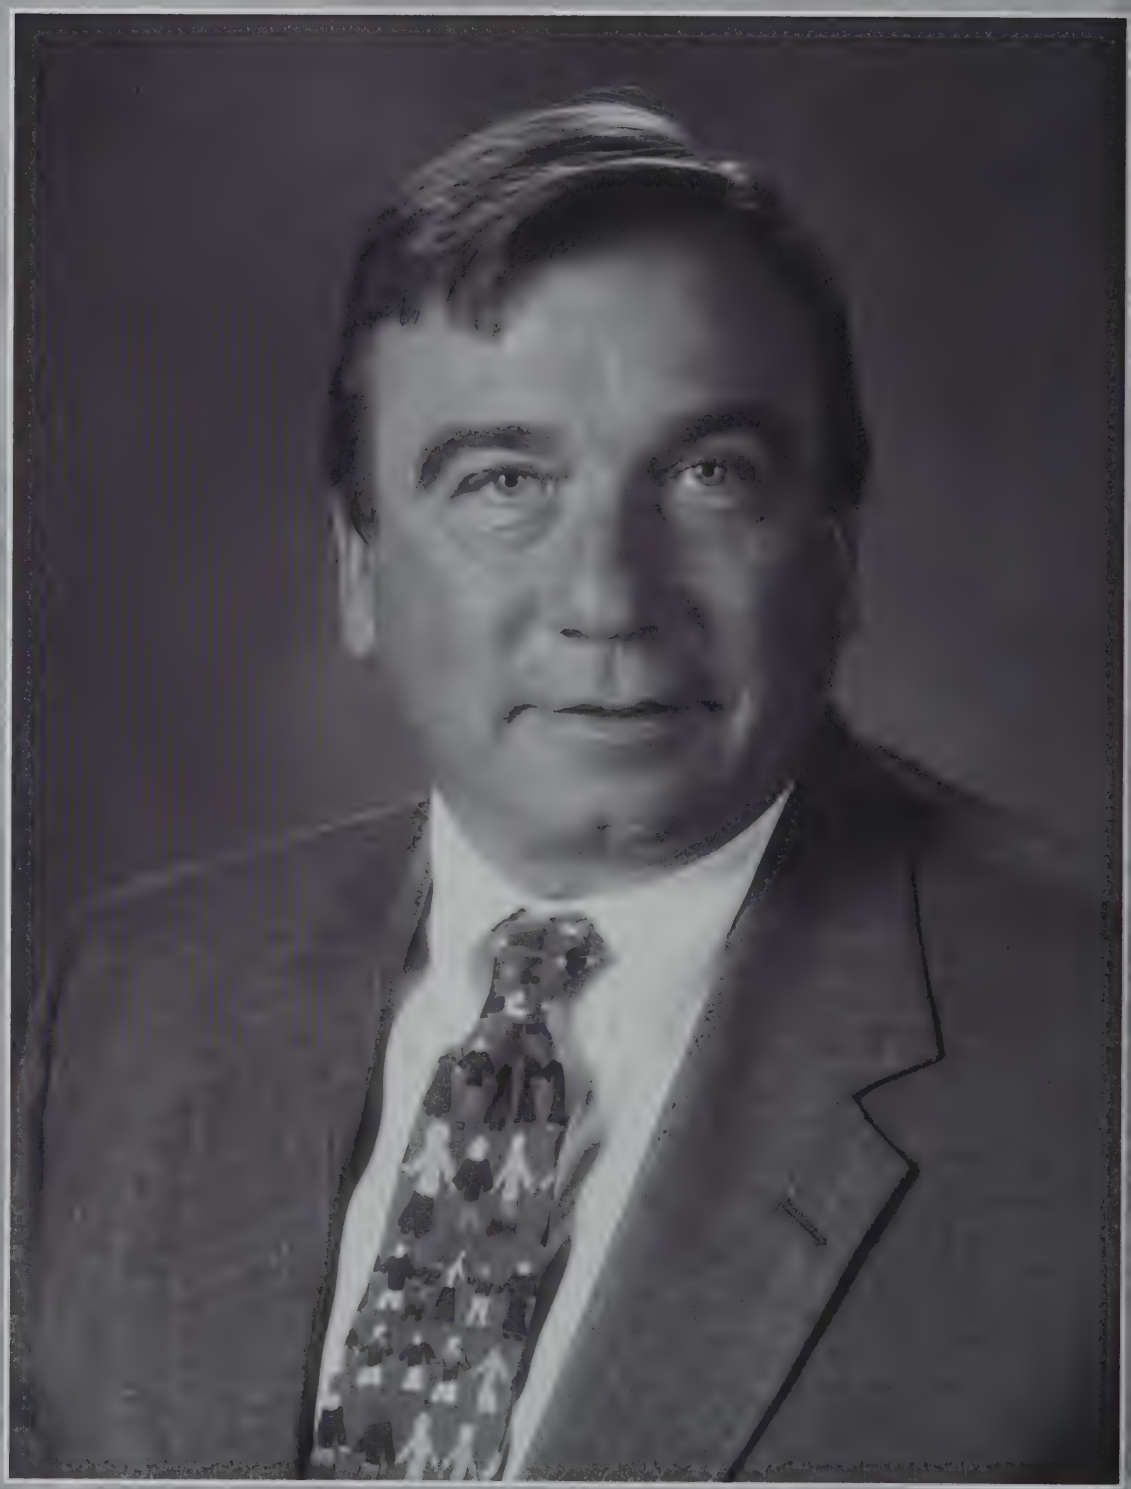
Jeffrey E. Riley
Superintendent-Director

Administration & Faculty

As you look ahead -- to the future and to your career -- you can do so with the confidence that you are well prepared to meet life's challenges. You can feel proud that you are part of a school with a long and rich tradition -- a school known for its career and technical excellence, its positive work attitudes, and its service to the community.

You can leave here with the knowledge that thousands of graduates of this fine institution have gone on before you. Many are now leaders in business and industry in the region; others are leaders in civic and political life.

I am proud of what you have accomplished at this school and within this community and I trust that you will continue to use your academic and technical skills wisely. Wherever life takes you, remember where you started. Good luck!



Alice M. Pfeninger
Principal, Voc-Tech Education

"No life ever grows until it is focused, dedicated, and disciplined." Your purpose in selecting Voc-Tech was to acquire knowledge and develop a marketable skill. You have experienced the very best eductional facility and faculty.

As you graduate, I am convinced that you will succeed in the many challenges that lie ahead. My congratulations to you and your family during this special time in your life.

Michael R. Shea
Principal, Adademic Programs

Congratulations to the Class of 2001. It has been my pleasure to have been your Academic Principal for the past four years. I hope you have enjoyed your high school years and remember these words: "Believe - - Achieve - - Succeed."
